Experience and Expertise

# The World of Pellets on which the Future Relies

Meenaxy Pharma Pvt. Ltd. is a dedicated and one of the advanced Manufacturing companies of Pharamaceuticals / Nutraceutical pellets based in Hyderabad, India. The Company was founded in the year 1995. Meenaxy is accredited with WHO-GMP and ISO 9001:2008. The Company's Manufacturing facilities strictly adhere to the local and International cGMP guidelines. Meenaxy aims to continuously and precisely meet the increasing demands of the local and regional requirements.

## Vision

To become one of the best well known pharmaceutical manufacturing company to produce break through medicines for every day living with a commitment to maintain continuous improvement, growth and adherence to international quality standards.

## Strategy

Meenaxy Pharma has adopted a strategic aim to become an effective contributor to the health sector with a clear vision of producing high quality producing by maintaining a commitment to the highest manufacturing standards and strengthening the company's Presence in the World of Pharmaceutical Industry.

## Production

Our Production area is with "Five independent production module" suitable and capable of manufacturing "Five different products at a time without any cross contamination". We manufacture the high quality products that include the following categories:

1. Cardiac / Diabetic Products
2. Anti-ulcerates
3. Anti-inflammatory
4. Speciality products like Anti-Obesity, Anti-Psychiatry, Anti-Spasmodic, Anti-Biotic, Anti-Fungal etc.,
5. Neutral Pellets
6. Nutraceutical Supplements

## Formulations:

Meenaxy Pharma is committed in earning the trust of every customer globally by co-creating high quality Pharmaceutical and Nutraceutical supplements for affordable healthcare in an environment of trust, team work and ethical business practices with global standards.

## Facilities

Manufacturing unit is located in Hyderabad, India. The unit consists of the following facilities and departments

**Research & Development** | **Quality Control** | **Quality Assurance**  
**Warehouse** | **Production** | **Engineering**

## Research & Development

The developmental activities are supported by a proficient Analytical Research Development team and a well-equipped laboratory.

## Quality Control

QC Department continuously strives to ensure that every raw material and packing material complies with the highest standards. This function is facilitated & comprises of quality control lab, with multiple **HPLC's**, **IR** and the latest **AAS** instruments with an independent **Microbiology** Lab that strictly adhere to international GLP standards.

**Microbiology:** Quality control team carries a series of comprehensive microbiology tests from each batch of raw materials and additives, samples are evaluated and only the approved materials as per applicable regulatory requirements are released for use in production.

**Stability:** Quality control team carries physical & chemical identification and stability test for all finished products.

## Quality Assurance

QA Department is in charge of assuring that high quality standards are being attained in all stages of the product life cycle through series of Standard Operating Procedures (SOPs) which minimize variation and promote quality through consistent implementation of every process. This includes carrying out the following tasks:

- ❖ Setting, applying and approving quality regulations for raw materials, products, production processes, inspection procedures and management system.
- ❖ Ensuring that Good Documentation Practices (GDP) are implemented in all departments and for all procedures.

## FORMULATIONS

### Anti-Ulcerants

| S.No. | COMPOSITION                                  | DOSAGE FORM |
|-------|--|-------------|
| 1.    | Omeprazole 20 mg                             | Capsule     |
| 2.    | Esomeprazole 20 mg & 40 mg                   | Capsule     |
| 3.    | Pantoprazole 40 mg & Zinc Carnosine ER 75 mg | Capsule     |
| 4.    | Rabeprazole 10 mg & 20 mg                    | Capsule     |
| 5.    | Pantoprazole 40 mg                           | Capsule     |
| 6.    | Lansoprazole 30 mg                           | Capsule     |

### Supplements

| S.No. | COMPOSITION  | DOSAGE FORM      |
|-------|--|------------------|
| 1.    | Folic Acid 1 mg & 5 mg   | Tablet / Capsule |
| 2.    | Methylcobalamin 750 mcg & Pregabalin 75 mg   | Capsule          |
| 3.    | Ferrous Sulphate TR 150 mg & Folic Acid 500 mcg  | Capsule          |
| 4.    | Methylcobalamin 750 mcg, Folic Acid 1.5 mg, Pyridoxine HCl 3 mg, Pregabalin 75 mg & Alpha Lipoic Acid 100 mg | Capsule          |
| 5.    | Alpha Lipoic Acid 100 mg & Methylcobalamin 1500 mcg  | Capsule          |
| 6.    | Amino Acids, Vitamins & Minerals   | Capsule          |
| 7.    | Amino Acids & Iron   | Capsule          |
| 8.    | Potassium Chloride 600 mg  | Capsule          |
| 9.    | Curcumin 500 mg & Bioperine 5 mg   | Capsule          |

### Pediatric Products

| S.No. | COMPOSITION  | DOSAGE FORM      |
|-------|--|------------------|
| 1.    | Paracetamol Suspension 125 mg & 250 mg - 30 ml & 60 ml | Round Pet Bottle |
| 2.    | Herbal Gripe Water 150 ml                              | Flat Pet Bottle  |

### Cardiac Products

| S.No. | COMPOSITION                        | DOSAGE FORM |
|-------|------------------------------------|-------------|
| 1.    | Atorvastatin 10 mg & 20 mg         | Capsule     |
| 2.    | Clopidogrel 75 mg                  | Capsule     |
| 3.    | Fenofibrate 160 mg & 200 mg        | Capsule     |
| 4.    | Diltiazem HCl 30 mg, 60 mg & 90 mg | Capsule     |
